

# Academic Collaboration Between Emirates Scholar Center and Rochester Institute of Technology Dubai

The Emirates Scholar Center for Research and Studies (ESC) and the Rochester Institute of Technology (RIT) Dubai have signed a Memorandum of Understanding (MoU) to establish a joint research center for the study of artificial intelligence (AI) and its applications in the fields of education, healthcare, and industry.

UNITED ARAB EMIRATES, September 17, 2025 /EINPresswire.com/ -- [ESC](#) and [RIT](#) have signed a Memorandum of Understanding (MoU) to establish a joint research center for the study of artificial intelligence (AI) and its applications in the fields of education, healthcare, and industry. The MoU is a landmark agreement that will facilitate the exchange of knowledge and expertise between the two institutions, leading to the development of innovative solutions and the advancement of AI research in the region.

Academic Collaboration Between Emirates Scholar Center and Rochester Institute of Technology Dubai

The joint research center will focus on the development of AI-powered educational tools, the application of AI in healthcare, and the use of AI in industry. The center will also provide a platform for the exchange of knowledge and expertise between the two institutions, leading to the development of innovative solutions and the advancement of AI research in the region.
