playbook for entrepreneurs and business leaders shaping our future, today announced that [RyanTech Inc.](#) is No. 2,522 on the annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private companies in America. The list provides a data-driven snapshot of the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses. Past honorees include companies such as Microsoft, Meta, Chobani, Under Armour, Timberland, Oracle, and Patagonia.

As CEO, Ryan McMillen often notes, “We are honored to be recognized on the Inc. 5000 list for two consecutive years.

This achievement reflects the hard work of our team and the trust of our clients. From turnkey Microsoft Migration to our patented security solutions and ongoing support, we remain committed to delivering technology that helps businesses grow with confidence.”

This year's Inc. 5000 honorees have demonstrated exceptional growth while navigating economic uncertainty, inflationary pressure, and a fluctuating labor market. Among the top 500 companies on the list, the median three-year revenue growth rate reached 1,552 percent, and those companies have collectively added more than 48,678 jobs to the U.S. economy over the past three years.

“Making the Inc. 5000 is always a remarkable achievement, but earning a spot this year speaks

volumes about a company's tenacity and clarity of vision," says Mike Hofman, editor-in-chief of Inc. "These businesses have thrived amid rising costs, shifting global dynamics, and constant change. They didn't just weather the storm—they grew through it, and their stories are a powerful reminder that the entrepreneurial spirit is the engine of the U.S. economy."

Inc. will celebrate the honorees at the 2025 Inc. 5000 Conference & Gala, which will take place October 22–24 in Phoenix. The top 500 will be listed in the Fall issue of Inc. magazine.

RyanTech has helped businesses modernize with Microsoft Cloud solutions, licensing, and cybersecurity services.
