

# R3 Stem Cell Now Offering Complimentary Hair Transplant Procedures in Istanbul Turkey

ISTANBUL, TURKEY, September 19, 2025 /EINPresswire.com/ -- R3 Stem Cell in Istanbul Turkey is now offering a free hair transplant procedure to patients who receive regenerative therapies. The offer provides a transplant in conjunction with Uniquera as a partner clinic for the procedure.

Patients qualify for the hair transplant with any package valued at \$15,000 US dollars, with R3 Stem Cell covering the complete transplant cost. If a patient receives a stem cell procedure in Istanbul valued between \$8k and up to \$15k, R3 will cover half of the hair transplant cost. This is still an incredible offer!

The advertisement graphic features the R3 Stem Cell Turkey logo in the top left corner. The main text reads "R3 STEM CELL TURKEY NOW OFFERING FREE HAIR TRANSPLANT" in large, bold letters. Below this, a smaller line states "when you spend \$15,000 or more for a Stem Cell Treatment". The central image shows three medical professionals in blue scrubs and masks performing a procedure on a patient's head. At the bottom, a yellow banner says "Exclusive for R3 Turkey Patients". Social media and contact information are listed at the very bottom: "@r3stemcellturkey" and "+90 850 390 1805".

According to [R3 Stem Cell CEO David Greene](#), MD, PhD, MBA, "First of all, no one has ever made quite an offer like this! Hair transplant procedures easily cost over \$12-15k in the States, and we're offering it for free. How do I know it's a quality procedure? Because I had mine done with Uniquera and love it so much we incorporated it with the same company for patients!"

As the world's largest provider of regenerative therapies, R3 Stem Cell has over 80 clinics in 8 countries. Over 27,000 stem cell procedures have been performed in the past decade. The patient satisfaction rate is 85%, with the quality of stem cells being unparalleled globally. All of the biologics are put through safety standards comparable to those of the USA FDA.

Added Dr. Greene, "We have many patients who are coming to Turkey for hair transplants already, as it is the capital of the world for the procedure. This way, you won't have to worry about paying for the transplant or worrying about which clinic offers the best option. R3 knows Uniquera is the best based on my results and care. So when patients come they will receive the world's best stem cell therapy AND the best hair transplant in the same week."

R3 treats over 50 different conditions with first rate stem cell and exosome treatments. These include [stem cell treatment for autism](#), stroke, diabetes, arthritis, ALS, Multiple Sclerosis, Parkinson's, Kidney/Liver/Heart Disease, COPD, Autoimmune Diseases, ED, Lyme Disease and many more. The [Turkey stem cell](#) clinic is located right in the Besiktas neighborhood.

Patients receive free ground transportation along with included PRP and a multivitamin infusion. The advertisement for R3 Stem Cell Turkey features a light beige background. At the top center is the R3 logo, which consists of three interlocking circles forming a triangle, with the letters 'R3' inside. To the right of the logo, the text 'Stem Cell Turkey' is written in a small, black, sans-serif font. Below the logo, a large yellow banner with a torn-edge effect contains the text 'WE ARE NOW OFFERING' in white, uppercase, sans-serif font, followed by 'FREE HAIR TRANSPLANT' in large, bold, red, uppercase, sans-serif font. Underneath this, in a smaller black font, it says 'when you spend \$15,000 or more for a Stem Cell Treatment'. Below the banner is a photograph of two men. The man on the left is wearing a white hair transplant bandage and glasses, while the man on the right is wearing glasses and a blue button-down shirt. Both are smiling. Below the photo, a yellow rounded rectangle contains the text 'Exclusive for R3 Turkey Patients' in black. At the bottom of the advertisement, there is a white bar containing the social media handle '@r3stemcellturkey' with a Facebook icon and the phone number '+90 850 390 1805' with a phone icon.
