

# Resveratrol Market estimated to garner \$131.0 million by 2030, with a CAGR of 6.2%

*Increase in usage of resveratrol in pharmaceutical market, surge in acceptance of resveratrol in nutraceuticals sector, rise in usage in the cosmetic industry.*

WILMINGTON, DE, UNITED STATES, September 18, 2025 / EINPresswire.com/ -- [Resveratrol market size](https://www.alliedmarketresearch.com/resveratrol-market-size) was generated \$71.9 million in 2020, and is anticipated to reach \$131.0 million by 2030, manifesting with a CAGR of 6.2% from 2021 to 2030.

Increase in usage of resveratrol in the pharmaceutical market, surge in acceptance of resveratrol in the nutraceuticals sector, and rise in usage of resveratrol in the cosmetic industry fuel the global resveratrol market growth. On the other hand, low penetration in developing countries and the threat of substitution hamper the market growth. On the contrary, rise in the application of resveratrol in the food & beverages industry and fast-paced growth of the online retail platform create lucrative opportunities for the market players.

The resveratrol market demand is expected to increase during the forecast period. This is attributable to the rising demand for resveratrol from nutraceutical industry owing to the various health benefits offered by the resveratrol as an ingredient in medicines to treat various disease including cardiovascular disease, joint pains and others. This in turn has is likely to drives growth of the overall resveratrol market.

The rising consumer awareness regarding the health benefits offered by resveratrol as a supplement is anticipated to remain a major driving factor for the growth of the resveratrol market over the forecast period. Inherent benefits of the resveratrol in pharmaceutical

applications to treat cancer, heart health and other chronic and cardiovascular disease has also contributed towards resveratrol market growth.

Additionally, the aging population is expected to provide lucrative opportunities for the expansion of cosmetic industry in the countries like Japan, Latin America and others. According to WHO, the population in Latin America is aging at a rapid pace. Thus, this in turn is likely to offer immense opportunity for the growth of resveratrol market from the cosmetics industry during the forecast period in terms of value sales.
