“

We're extremely excited about the expansion of our business and to introduce new and unique U.S. made urns and keepsakes at the upcoming NFDA expo.”

Mark Brewer, President

Some of these new products have been in development for over a year and we look forward to sharing them with our funeral home partners and giving them the opportunity to offer these unique memorial options to the families they serve.”

Brewer continues, “Since inception, our goal has always been to be the leader in the development of new and meaningful alternative memorials. We believe that these new options will help round out our line and truly make us

stand out over other manufacturers and distributors in the market.”

About Element by The Living Urn

Based in Colorado, Element by The Living Urn is committed to developing and providing unique cremation urns, keepsakes, and cremation jewelry serving families looking for afterlife options that can be more meaningful and personal. Its growing market leading product offering includes the patented Living Urn®, the leading bio urn and planting system designed to grow a tree with cremated remains, The Living Urn® Indoors, the Eco Scattering Urn, a unique bamboo urn for scattering ashes, the Eco Water Urn, a proprietary urn that floats and gracefully frees ashes in water, and various keepsakes including bracelets, pendants, and [cremation stones](#) that hold ashes. The company is developing additional proprietary cremation urns and keepsake urns that it will be introducing in the next few months.
