What is Ammonia Water?

Ammonia water, also known as aqueous ammonia or ammonia solution, is a mixture of ammonia in water with diverse industrial and commercial applications:

- Household Cleaning: Found in glass cleaners, multipurpose sprays, and floor cleaners to dissolve dirt, grease, and grime.
- Agriculture: Serves as a nitrogen source for fertilizers, either applied to soil or as a foliar spray to enhance crop growth.
- Refrigeration: Used as a refrigerant in industrial systems due to its strong heat transfer properties and lower environmental impact compared to synthetic alternatives.

The ammonia water market comprises the production, distribution, and commercialization of this solution across industries.

Market Dynamics:-

Drivers:

- Expanding use of ammonia water in agriculture, rubber, and leather industries
- Increasing demand for fertilizers to improve crop yield

Opportunities:

- Growing awareness of water treatment solutions

Restraints:

- Environmental concerns regarding handling and emissions

Key Insights:-

By End-use Industry

- The agriculture segment accounted for over two-thirds of market revenue in 2022 and will continue leading through 2032.
- It is also expected to post the fastest CAGR of 4.0%, owing to its crucial role in producing ammonium-based fertilizers such as ammonium nitrate and ammonium phosphate.

By Region:

- Asia-Pacific held 50% of the global market share in 2022 and is forecast to maintain its dominance by 2032.
- The region will also record the highest CAGR of 4.0%, supported by strong horticulture and floriculture industries that rely on advanced fertilization techniques.

Leading Market Players:

- Evoqua Water Technologies LLC
- Veolia
- Toray Industries, Inc.
- General Electric
- Koch Separation Solutions
- Aquatech International LLC

- Kubota Corporation
- Asahi Kasei Corporation
- Wehrle-Werk AG
- Mitsubishi Chemical Corporation

These companies focus on product innovation, regional expansion, collaborations, and strategic partnerships to strengthen their market position.
