Focus of farmers on improving productivity in agricultural activities and preference for organic food among population drive the growth of the South East Asia organic fertilizers market. However, uncertain climate conditions that affect farming activities hinder the market growth. On the other hand, rise in awareness regarding harmful effects of chemical fertilizers on humans and the environment is expected to present new opportunities in the coming years.

The key players of the South East Asia organic fertilizers market analyzed in the research are Alpha BioGreen, Baconco Co., Ltd., Bio-Flora (Singapore) PTE Ltd., SongGianh Corporation,

Cropmate Fertilizers Sdn Bhd, PT. Jadi Mas - Fertilizers Factory, Cropagro, Revisoil, PT Pupuk Kaltim, and Thai Central Chemical Public Company Limited.
