The official presentation took place in Bali and gathered over 100 guests: partners, real estate agents, and investors. The event combined a festive atmosphere, art installations, a fire show, and the mystical spirit of local culture — all to emphasize the concept of the new property, which is defined as Art & Wellness.

Key facts about the project

The art hotel will be located in Nusa Dua — one of the most prestigious resort areas in Bali, home to five-star hotels.

The project consists of 68 villas and 100 hotel rooms, with a rental return of 15–15.8% per year.

Management will be carried out by Wyndham Hotels & Resorts, ensuring international standards of service and operations.

The Art & Wellness concept combines artistic aesthetics, the finest examples of local art, an atmosphere of tranquility, and top-quality service. The project curator is MayinArt, a renowned Singapore-based gallery and one of the leaders of the Asian art market.
