

Embrasse Moi Lamp by Giuseppe Tortato Wins Platinum in A' Lighting Products and Fixtures Design Award

Innovative Sculptural Lamp Recognized for Its Unique Design and Craftsmanship by the A' Design Award and Competition

COMO, CO, ITALY, September 21, 2025 /EINPresswire.com/ -- The A' [Design Award](#) and Competition, a highly respected and well-recognized award in the field of [lighting](#) design, has announced that the Embrasse Moi Lamp by [Giuseppe Tortato](#) has been awarded the Platinum A' Design Award in the Lighting Products and Fixtures Design category. This prestigious recognition highlights the lamp's exceptional design, which seamlessly blends art and functionality to create a truly remarkable lighting solution.

The Embrasse Moi Lamp's innovative design aligns with current trends in the lighting industry, where sculptural elements and unique aesthetics are highly valued. Its handcrafted nature and use of burnished brass showcase a commitment to quality craftsmanship and materials, setting a new standard for luxury lighting fixtures. This recognition not only benefits Giuseppe Tortato but also serves as an inspiration for the entire lighting industry, demonstrating the potential for pushing creative boundaries while maintaining functionality.

Halfway between art and design, the Embrasse Moi Lamp is a majestic light sculpture that draws inspiration from the spirals of DNA. The lamp's name playfully recalls the word "embrace" and the curved, enveloping shape of the fixture itself. Handcrafted from burnished brass, the sculptural form unfolds like a continuous ribbon throughout the space, adding an artistic accent that makes each project truly unique. The lamp's sinuous design was achieved through a

combination of parametric software and skilled artisanship, showcasing the power of merging technology with traditional craftsmanship.

The recognition bestowed upon the Embrasse Moi Lamp by the A' Design Award serves as a testament to Giuseppe Tortato's commitment to innovation and excellence in lighting design. This achievement is expected to inspire future projects and collaborations, as the studio continues to push the boundaries of what is possible in the realm of lighting and interior design. The award also reinforces the studio's multidisciplinary approach, which seamlessly integrates art, technology, and craftsmanship to create truly remarkable spaces and objects.
