

Boulder Becomes First City Where Residents Can Chat With Every Pastor at Once

Custom AI chatbot gives Boulder residents instant answers drawn from sermons across every local church

BOULDER, CO, UNITED STATES,
September 22, 2025 /

EINPresswire.com/ -- A new AI chatbot is trained exclusively on every sermon and review from all [churches in Boulder](#). This makes Boulder the first city in the nation where residents can ask faith questions and receive answers as if they were speaking with every local pastor at once.

The chatbot draws on [Boulder churches'](#) sermons, websites, and reviews, updated weekly to stay current. Residents can ask questions in natural language and receive answers backed by

“

Boulder is known for its strong sense of community. This 'ChatGPT for Boulder churches' lets anyone hear from local pastors and find a church community where they feel at home.”

Joe Suh, founder of Pastors.ai

timestamped sermon clips, direct links to church websites, or citations from community reviews. By combining AI with the authentic voices of Boulder pastors, the tool makes it simple for anyone to explore faith and discover churches they might want to visit.

“Boulder is known for its strong sense of community,” said Joe Suh, founder of Pastors.ai. “This 'ChatGPT for Boulder churches' lets anyone hear from local pastors and find a church community where they feel at home.”

About the Project

Free and open to the public, the Boulder Church chatbot is the first citywide AI tool of its kind in the U.S. Trained on every Boulder church's sermons, websites, and reviews, it helps residents explore faith and find a church community.
