With a growing presence across 14 U.S. states, the company is redefining how travelers, professionals, and families find housing solutions that balance comfort, flexibility, and convenience.

“

They want space, comfort, and flexibility. Our growth proves that people are seeking a better way to stay, and we've built a system that makes it possible at scale.”

Yossi Schwarz, Founder and CEO of Properties By Preston

Founded by real estate investor Yossi Schwarz, Properties By Preston was born from a simple vision: to create rental options that feel like home while offering the flexibility today's renters demand. After experiencing the challenges of traveling with his own family, Schwarz recognized the need for alternatives to cramped hotel rooms and rigid long-term leases. His solution was a portfolio of high-quality, fully furnished rentals designed for stays of 30 days or more.

“Travelers want more than just a bed,” said Yossi Schwarz, Founder and CEO of Properties By Preston. “They want space, comfort, and flexibility. Our growth proves that people are seeking a better way to stay, and we've built a system that makes it possible at scale.”

Growth Story

- 2023: Launched with a single property.
- 2025: Surpassed 718 active listings in 14 states.

- Future Goal: On track to expand to 2,000 units by the end of 2026.

This rapid growth is fueled by a replicable system for deploying [multi-unit properties](#). Each apartment is fully furnished and strategically located near shopping, dining, and public transportation, offering both convenience and lifestyle appeal. Guests include traveling nurses, university students, insurance-displaced families, and remote workers seeking longer stays without long-term commitments.

The Properties By Preston Experience

Each unit is designed with comfort and modern living in mind. Properties typically feature:

- Spacious floor plans and high-end finishes
- Hotel-style amenities such as gyms, pools, and wellness areas
