EINPresswire.com/ -- Writer-director Andrew Chiamonte's [Young & Cursed](#) will be released October 3, 2025, on major streaming platforms including Amazon Prime, YouTube, Google Play, iTunes, Apple TV Plus and Fandango at Home. The [supernatural horror thriller](#) is produced by Chiamonte Films, Inc., with New Year's Evil's director, Emmett Alston as co-writer and co-producer.

Positioned as a contained supernatural psychological horror with a character-first approach, Young & Cursed follows five young strangers whose retreat to a remote cabin becomes a fight for control when their trust turns into paranoia.

The film reframes possession as an internal power struggle. As alliances crack, a young woman's tightening influence over the group drives a ticking countdown that forces each character to confront their buried fears.

Per Chiamonte, "Young & Cursed flips the demonic tradition of demons existing from without
