

Equator Introduces VSM 6000 W-B: A 3-in-1 Cordless Vacuum Sweep Mop with Voice Assistance

HOUSTON, TX, UNITED STATES,
September 23, 2025 /

EINPresswire.com/ -- Equator Advanced Appliances today announced the launch of the [VSM 6000 W-B](#), a cordless, 3-in-1 vacuum sweep mop designed to streamline everyday cleaning across hard floors and carpets. Combining vacuuming, sweeping, and mopping in a single unit, the appliance brings convenience and precision to household upkeep.

Weighing just 8.4 pounds, the VSM 6000 W-B is engineered for ease of use, offering up to 35 minutes of operation in Eco mode and 25 minutes in Max mode with its 2600 mAh lithium battery. The device integrates advanced features such as voice-assisted prompts for intuitive operation, a high-speed floor brush that spins at 2,500 RPM, and a dual-tank water system that separates clean and dirty water for hygienic mopping.

The unit also features a self-cleaning function that automatically maintains the brush and water pathways after each use. Additional highlights include HEPA filtration to capture fine dust and allergens, quiet operation at 72 dB, and flexible control options with a spray water button, power switch, and dual power modes. Certified to ETL standards and backed by Equator's one-year parts and labor warranty, the VSM 6000 W-B offers homeowners a reliable and efficient cleaning solution.
