

Invoke Achieves Microsoft Copilot Jumpstart Program's Highest Recognition: Prioritized Tier Status

Invoke Recognized at the Highest Level in Microsoft Copilot Jumpstart Program, Solidifying Role as Frontier Firm Partner Driving the Next Wave of AI Innovation

HOUSTON, TX, UNITED STATES,
September 24, 2025 /

EINPresswire.com/ -- [Invoke](#), LLC, a leader in secure innovation and digital productivity solutions, today

announced that Microsoft has recognized the company as a Prioritized Tier [partner](#) in the Microsoft Copilot Jumpstart Program, the program's highest designation. This recognition affirms Invoke's validated Copilot practice, advanced [AI advisory](#) expertise, and proven ability to deliver secure, scalable deployments that drive measurable business impact.

“

As a Copilot Prioritized Tier partner, we're empowering organizations to lead the market in their Frontier Firm journey.”

*Stephen Leuthold, Co-Founder
& Director of Modern Work
and Security*

As both a Prioritized Tier partner and a designated Frontier Firm Partner, Invoke stands among an elite group of industry leaders using AI to enrich employee experiences, reinvent customer engagement, reshape business processes, and imagine the next big leap in innovation. This dual recognition reflects Invoke's ability to guide organizations beyond early experimentation into AI maturity, where Microsoft Copilot and AI agents are not

just tools, but embedded drivers of decision-making, collaboration, and operational excellence.

“This milestone isn't just about recognition—it's about what's possible when innovation and trust move in lockstep,” said Stephen Leuthold, Co-Founder and Director of Security & Modern Work at Invoke. “As a Copilot Prioritized Tier partner, we're empowering organizations to lead the market in their Frontier Firm journey—where Copilot and AI agents become securely embedded in decision-making, collaboration, and business operations.”

Invoke - Expert Microsoft Technology Services

What the Prioritized Tier Means

The Microsoft Copilot Prioritized Tier is reserved for partners with proven Copilot & Agentic expertise, validated practices, and a track record of delivering real-world results. It signals:

- Top Recognition – Placement among the highest performing Microsoft partners for Copilot & Agent excellence.
- Validated Practice – Vetted by Microsoft's Partner Solution Architect team.
- Real-World Results – Demonstrated success in driving adoption and measurable impact.
- Enhanced Collaboration – Early access to innovations and deeper Microsoft alignment.

Benefits for Customers

Working with Invoke at the Prioritized

Tier level means customers gain more than technical implementation—they gain a strategic partner. Invoke applies its deep AI and cloud expertise to tailor every Copilot deployment to the organization's unique workflows, culture, and goals. This personalized approach accelerates time-to-value, maximizes the return on technology investment, and delivers measurable productivity gains—while maintaining a core focus on cybersecurity.
