

Marty Katz Expands the Mark Schaffer Thriller Universe

Building on the success of Hot Potato, Katz delivers Blind Revenge: A Mark Schaffer Thriller — a pulse-pounding sequel of conspiracy, betrayal, and survival.

NEW YORK CITY, NY, UNITED STATES, September 25, 2025 /EINPresswire.com/ -- Thriller author Marty Katz delivers another edge-of-your-seat ride with *Blind Revenge: A Mark Schaffer Thriller*, the explosive sequel to *Hot Potato*. Together, the two novels introduce readers to Mark Schaffer, a police officer thrust into extraordinary global conflicts that threaten both his country and his family.

Katz's previous novel, *Hot Potato*, earned solid reviews for its gripping narrative and chilling plausibility. Set against the backdrop of the Berlin Wall's fall, it revealed a hidden sect within the Russian government orchestrating a plan to destabilize the United States. In the midst of political chaos and espionage, Schaffer stumbles into the conspiracy after responding to a routine call at Port Everglades—only to find himself caught in a deadly race to prevent catastrophe.

The new sequel, *Blind Revenge*, raises the stakes even higher. Picking up just three months later, the novel finds America once again facing grave international consequences. This time, the conflict turns personal: Schaffer and his wife, Jill, are kidnapped in retaliation for his earlier heroics, pulling him into a new confrontation where failure is not an option.

"Thrillers should grip you from the start and never let go," says Katz. "My goal was to build on the momentum of *Hot Potato* by crafting a sequel that pushes the danger closer to home while keeping the same authenticity and urgency that readers loved."

Readers of Katz's series can expect:

□ A grounded, everyman protagonist — a police officer, not a seasoned spy — forced to navigate

global stakes.

- Authentic detail and real-world geopolitics that make the stories eerily believable.
- Complex characters whose struggles mirror real human fears and strengths.
- Escalating suspense that blends personal danger with international intrigue.

With Hot Potato having established a foundation of praise and Blind Revenge earning early acclaim, Katz's Mark Schaffer series is quickly cementing itself as a must-read for fans of Tom Clancy-style thrillers. Together, the books highlight how one man's actions can alter the course of history — and how even when a battle seems won, the fight may only just be beginning.
