

True Temp Earns 2025 Best of Florida Award for HVAC Excellence

PORT ST. LUCIE, FL, UNITED STATES, October 18, 2025 /EINPresswire.com/ -- True Temp Air Conditioning has been named a 2025 Best of Florida Award winner, earning statewide recognition for their exceptional HVAC and duct cleaning services. Based in Port St. Lucie, True Temp has become a household name—not by making the most noise, but by solving the quiet problems most homeowners would rather ignore, like dusty ductwork and mysteriously tepid air.

Serving both residential and commercial clients, True Temp is known for its no-nonsense approach to diagnostics and repair. Their team doesn't just show up with tools—they show up with a plan, a clear sense of urgency, and, occasionally, the courage to remove a sock from a customer's vent with a straight face. Whether it's breathing new life into a failing system or keeping commercial coolers in check, they pride themselves on professionalism, precision, and a refreshingly human touch.

"We're honored to be recognized by the community we serve," said a True Temp team member. "Our goal has always been to treat each customer like family—no gimmicks, no shortcuts, just solid service that helps people stay comfortable year-round. Florida heat is no joke, and we take that seriously."

What sets True Temp apart is their commitment to doing the job right the first time—no drywall messes, no lingering leaks, and definitely no shrug-worthy fixes. From full system installs to emergency repairs, indoor air quality improvements to energy-efficient upgrades, they deliver peace of mind with every visit.

This Best of Florida award is more than a plaque—it's a nod from the locals who trust True Temp to keep their homes chill, their businesses running, and their ductwork drama-free.
