

Chromebooks R Us Expands Refurbished Chromebook Distribution to Schools, Businesses, and Families

Empowering schools, businesses, and families with affordable, refurbished Chromebooks and hands-on, personalized service.

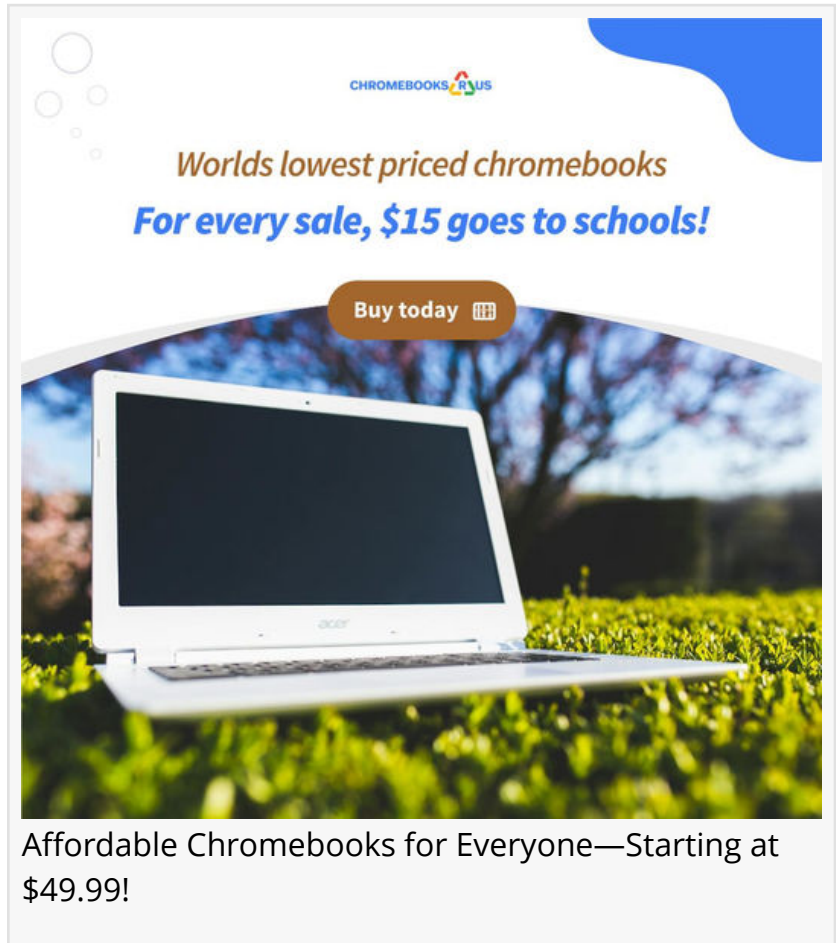

CA, UNITED STATES, September 26, 2025 /EINPresswire.com/ --

[Chromebooks R Us](#), a technology solutions provider and Google partner, has announced the expansion of its digital inclusion efforts, making refurbished Chromebooks available to schools, businesses, and families across the United States. This initiative aims to address the ongoing digital divide by increasing access to affordable and reliable technology.

Founded by Sam McCowan during the COVID-19 pandemic, Chromebooks R Us was established to help meet the urgent need for students to access at-home learning tools. The company's approach involves acquiring previously leased Chromebooks from major organizations, refurbishing the devices, and making them available at accessible price points. This process not only extends the life cycle of technology products but also reduces electronic waste.

"Our goal is to support digital inclusion by connecting communities to essential technology," said Sam McCowan, Founder of Chromebooks R Us. "By refurbishing and reintroducing these devices, we help schools, businesses, and families stay connected and productive."

Chromebooks R Us is recognized as a Google partner and works with school districts and organizations nationwide. The company implements a give-back program, returning a portion of

Affordable Chromebooks for Everyone—Starting at \$49.99!

Refurbished Chromebooks are available starting at \$49.99, including shipping. This pricing structure is intended to ensure that cost is not a barrier to digital access for students, employees, or families.

Chromebooks R Us also supports sustainability by reducing e-waste through its refurbishment process. Devices that might otherwise be discarded are given a second life, helping organizations manage their IT assets more responsibly.
