

Bitwise Launches FulkrumCloud: AI-First Migration Platform Delivering 90%+ Accuracy and 40% Faster Outcomes

CHICAGO, IL, UNITED STATES,
September 30, 2025 /

EINPresswire.com/ -- [Bitwise](#), a global data and digital engineering services company, today announced the launch of FulkrumCloud, an AI-first migration platform designed to set a new industry benchmark for cloud data modernization. By combining best-in-class 90%+ migration accuracy with up to 40% faster outcomes, FulkrumCloud empowers enterprises to seamlessly transform legacy data platforms into AI-ready foundations for growth.

The logo for FulkrumCloud features the word "fulkrum" in a bold, lowercase sans-serif font, with a red diagonal line through the "l". Below it, the word "cloud" is in a smaller, lowercase sans-serif font.

A **bitwise** Platform

FulkrumCloud - A Bitwise Platform

Backed by Bitwise's 30 years of enterprise data expertise, FulkrumCloud distills decades of innovation in data warehouse modernization into a next-generation automation platform. The result: enterprises can eliminate up to 90% of manual coding effort, minimize migration risk, and accelerate the adoption of modern cloud platforms such as Microsoft Fabric, Databricks, Snowflake, and AWS.

“

With FulkrumCloud, Bitwise leverages three decades of data expertise to help enterprises build the strong foundation essential for meaningful AI adoption.”

*Raman Sapra, Global Chief
Executive Officer at Bitwise*

“With FulkrumCloud, Bitwise leverages three decades of data expertise to help enterprises build the strong foundation essential for meaningful AI adoption. Our strategic investment in this IP accelerates time-to-market for data modernization, empowering clients to unlock AI-driven value faster and at scale. In partnership with leading

cloud providers, we deliver measurable, enterprise-grade impact for our clients in today's rapidly evolving AI landscape,” said Raman Sapra, Global Chief Executive Officer at Bitwise.

“As a trusted data modernization partner, we understand the critical need of our clients for

agility, scalability, and innovation. Our commitment is to empower our clients with cutting-edge solutions that not only streamline their data but also unlock new opportunities for growth and efficiency. FulkrumCloud is at the heart of this, therefore, enabling robust, secure, and precise data modernization agendas,” said Sonali Chatterji, Chief Revenue Officer at Bitwise.

“With our AI-first modernization practice, Bitwise provides a truly future-focused migration solution. FulkrumCloud offers the ability to modernize legacy data platforms to empower enterprises for future growth,” said Shahab Kamal, Chief Technology Officer at Bitwise.

As part of its end-to-end modernization solution, Bitwise provides full support and AI powered services to ensure optimal migration using a proven methodology that reduces risks and mitigates business disruption.
