

# Swiss-Rooted 64K Cellssense Hosts “From Lab to Legend” Gala in Shanghai, Spotlighting Science-Driven Innovation

*Event at Waldorf Astoria gathered international researchers and partners; brand highlighted MPNutria® nano-delivery technology and global collaborations.*

GENEVA, SWITZERLAND, October 2, 2025 /EINPresswire.com/ -- [64K Cellssense](https://www.64KCellssense.com/), a Swiss-rooted wellness brand, hosted its "From Lab to Legend — The Swiss Code of Youth" gala on Sept. 18 at the Waldorf Astoria Shanghai, bringing together more than 100 guests from academia, industry, and media. The program focused on translating lab research into consumer-ready concepts and fostering collaborations across Switzerland, the EU, and Asia.

At the event, the company summarized progress on its proprietary nano-delivery technology, MPNutria®, designed to support precise assembly and controlled release of select nutrients. 64K Cellssense also outlined its external collaborations, including scientific ties with ETH Zurich and cooperation with [Clinique Eden Suisse](#) in Montreux. Publications in [Cell Press](#) journals authored by the 64K Cellssense Research & Innovation Center were shared to contextualize the field's trajectory and open

questions for further study.

“In our controlled pilot study, formulations processed at lab scale demonstrated consistent stability profiles when scaled up,” said the brand representative of 64K Cellssense. “We’ve established third-party testing and transparent labeling standards, enabling consumers, reviewers, and partners to verify key product attributes.”

“Our global patients push us to advance methods grounded in aesthetic medicine,” said Patrice Miserez, CEO of Clinique Eden Suisse. “With 64K Cellssense, we see beauty as art informed by science—and we’re committed to taking that dialogue to a deeper level.”

64K Cellssense Gala Dinner at the Waldorf Astoria Shanghai gathered global researchers, clinicians, and partners to celebrate cross-border collaboration in science and wellness.
