

Hot Springs Medical Assistant School Announces Fall 2025 Opening

Hot Springs Medical Assistant School is thrilled to announce the launch of its new campus, opening Fall 2025.

HOT SPRINGS, AR, UNITED STATES, October 2, 2025 /EINPresswire.com/ -- Hot Springs Medical Assistant School is thrilled to announce the launch of its new campus, opening Fall 2025. This accelerated medical assistant program provides aspiring healthcare professionals in Hot Springs, Arkansas with the opportunity to enter the healthcare field through a hands-on curriculum designed to prepare them for success. Conveniently located at 2230 Malvern Ave, Suite E, Hot Springs, AR, the school is dedicated to equipping students with the clinical and administrative skills needed to begin rewarding careers in medicine.

Your Health Comes First

Lakeside Walk-in Clinic

"Our mission is to make healthcare education accessible and affordable, while giving students the practical experience they need to thrive," said Hot Springs Medical Assistant School Program Manager.

The Hot Springs program blends classroom learning with real-world training. Students complete labs in a professional setting and gain experience through an externship at a partner clinic. This approach allows students to graduate in just a few months, confident in their ability to contribute to healthcare teams.

Affordability is central to the program. Students can select from multiple payment options and graduate debt-free, saving thousands compared to traditional degree programs. The streamlined curriculum also means graduates are career-ready faster, helping to meet the growing demand for medical assistants across Arkansas.

Students develop a broad range of skills, including anatomy and physiology, medical terminology, patient communication, and laboratory procedures. In addition, the program trains

students in administrative areas such as billing, coding, scheduling, and maintaining electronic health records—preparing graduates for both clinical and front-office roles.

“We are excited to bring this program to Hot Springs,” said Chris Lofton, CEO of [Zollege](#). “By combining affordability with hands-on learning, we’re helping students build meaningful careers while supporting the needs of their local healthcare community.”

Upon completing their certification, graduates will be prepared to pursue employment in hospitals, physician practices, and clinics throughout the Hot Springs area and beyond. Learn more about the [program and enrollment details here](#). Seats are limited.
