

Florida Rescue Launches Emergency Fundraiser for Blind/Deaf Abandoned Puppy With Rare Liver Condition

FT MYERS, FL, UNITED STATES, October 1, 2025

/EINPresswire.com/ -- [Beyond The Pack Animal Rescue Team And Sanctuary Inc.](#), a certified 501(c)(3) nonprofit, has launched a [GoFundMe](#) campaign to save the life of Bryer-Rose, a three-month-old puppy who was abandoned and left to fend for herself. Bryer-Rose was born deaf and partially blind, yet she radiates love and joy, unaware that she is also battling a life-threatening congenital condition called intrahepatic shunt. This rare defect affects her liver's ability to filter toxins, leading to dangerous seizures and other health complications.

After extensive testing—including multiple ER visits, a CT scan, and specialized diagnostic procedures—Bryer-Rose has been referred to the University of Florida veterinary specialists. Doctors believe that a coil embolization procedure could dramatically improve her liver function and allow her to live a normal lifespan.

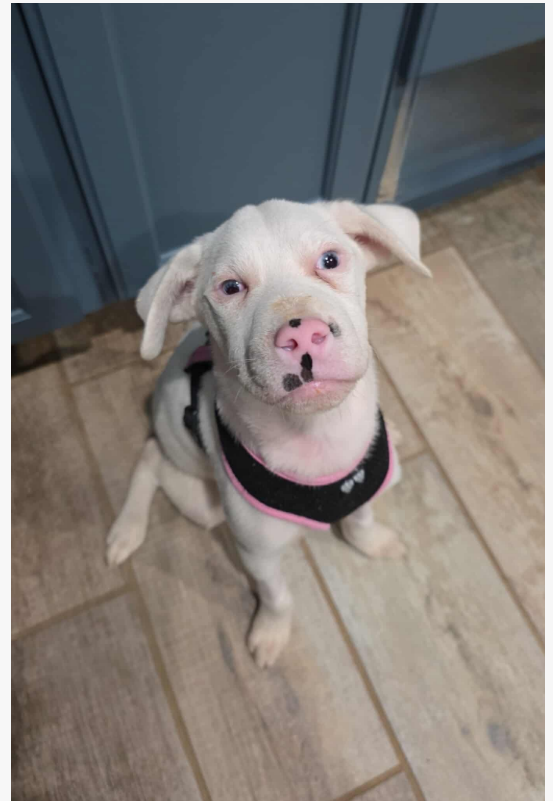

The rescue has already incurred significant expenses covering Bryer-Rose's emergency care, diagnostic testing, and prescription diet. The upcoming procedure, however, will cost thousands of dollars—funds the small nonprofit simply cannot cover alone.

Supporters can help give Bryer-Rose the gift of a healthy future by donating through her official GoFundMe page: <https://gofund.me/2bb84296d>.

Every dollar raised will go directly toward Bryer-Rose's medical care. Donations are tax-deductible through Beyond The Pack Animal Rescue Team And Sanctuary Inc.
