

# ALTIERI INSURANCE CONSULTANTS ADDS NEW VP TO LEADERSHIP TEAM

*Altieri Insurance Consultants Welcomes Jordan Mulbarger in Effort to Grow National Presence and Relationships*

TAMPA, FL, UNITED STATES, October 1, 2025 /EINPresswire.com/ -- Altieri Insurance Consultants is pleased to announce that Jordan Mulbarger has joined their public adjusting firm, becoming part of the leadership team as a new Vice President.

Mr. Mulbarger will be based out of the company's corporate headquarters in Tampa Florida and is expected to lead various adjusting teams to different regions of need throughout the United States and the Caribbean.

After working for a competitor since 2014 as their National Director, Jordan brings to Altieri his stellar reputation for building excellent relationships where he successfully settled more than \$275 million in commercial property claims across the country. This new addition makes Altieri an even more effective advocate as we continue to enhance the ability of our clients to recover fully after suffering significant property and financial loss caused by hurricanes, tornadoes, hail, and fire.

Jordan will focus on continuing Altieri's drive for corporate growth, with the intent to increase the firm's national footprint in its insurance claim recovery efforts. His experience with a varied commercial client base is expected to merge very well with the plethora of complex clients already inside the Altieri sphere, which similarly includes multifamily properties, condominium associations, office buildings, universities, government entities, rental portfolios, houses of worship, shopping centers, industrial warehousing, medical facilities, and manufacturing plants.

Altieri Welcomes Jordan Mulbarger

A Florida native, Jordan lives in South Tampa with his wife Megan, their two children, and their dog, Charlie. He is a graduate of Florida State University with a Bachelor of Science in Finance.

Altieri Insurance Consultants looks forward to its continued success and growth with the anticipated contribution of Jordan Mulbarger.
