

Snapcool by Zhejiang Zhongguang Electrical Co., Ltd. Wins Gold in A' HVAC Awards

*Innovative Air Conditioner Design
Inspired by Tape Measure Recognized for
Excellence*

COMO, CO, ITALY, October 2, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [HVAC](#) design, has announced [Zhejiang Zhongguang Electrical Co., Ltd.](#) as a winner in the Heating, Ventilation, and Air Conditioning Products Design category for their innovative work, Snapcool. This prestigious recognition highlights the significance of Snapcool within the HVAC industry and design community, positioning it as a noteworthy achievement in the field.

The A' Heating, Ventilation, and Air Conditioning Products Design Award is particularly relevant to industry professionals and consumers alike, as it recognizes designs that address current trends and needs within the HVAC sector. Snapcool aligns with industry standards and practices while offering practical benefits to users through its innovative features and user-friendly design, making it a valuable contribution to the field.

Snapcool stands out in the market with its unique tape measure-inspired design, which allows for easy filter removal and cleaning. The pull-out filter system slides in and out smoothly, simplifying maintenance while maintaining a sleek, modern appearance. The air conditioner's eye-catching orange filter compartment serves as a constant reminder to check the filter status, ensuring optimal performance and air quality.

This recognition from the A' Heating, Ventilation, and Air Conditioning Products Design Award serves as a motivator for Zhejiang Zhongguang Electrical Co., Ltd. to continue pursuing

innovation and excellence in their future projects. The award showcases the company's commitment to developing cutting-edge solutions that enhance user experiences and contribute to the advancement of the HVAC industry as a whole.

Team Members

Snapcool was designed by a talented team at Zhejiang Zhongguang Electrical Co., Ltd., including Jinghong Zhang, Yuxin He, Menglin Xie, Yuhui Xu, Haiping Hou, and Xiaojun Yuan, who collaborated to bring this innovative concept to life.

About Zhejiang Zhongguang Electrical Co., Ltd.

Founded in 2006, Zhejiang Zhongguang Electrical Co., Ltd. is a comprehensive solution provider for indoor comfort systems and industrial and agricultural cooling and heating systems, with heat pump technology at its core. The company is an innovation-driven consumer industry group with nine wholly-owned subsidiaries and six business units, focusing on health, comfort, and intelligence. Zhongguang Electric Group is deeply engaged in four major sectors: new energy, intelligent manufacturing, home appliances, and new retail, providing high-quality products and services to global customers.

About Golden A' Design Award

The Gold A' Design Award recognizes designs that demonstrate a high level of innovation and significant impact on their intended audience. Winners of this prestigious award are noted for their visionary approach and exceptional skill, pushing boundaries in art, science, design, and technology. The rigorous selection process involves blind peer review by a world-class jury panel of design professionals, HVAC industry experts, journalists, and academics, who evaluate entries based on pre-established criteria such as energy efficiency, innovation, ease of installation, maintenance accessibility, system reliability, environmental impact, cost-effectiveness, adaptability to different climates, user-friendly controls, noise reduction, air quality improvement, space optimization, thermal comfort, visual aesthetics, integration with building design, durability, safety measures, technological advancement, material quality, and regulatory compliance.

About A' Design Award

The A' Design Award is an international, juried design competition that has been organized annually since 2008 across all industries, welcoming entries from all countries. The ultimate aim of the A' Design Award is to recognize and promote superior products and projects that advance and benefit society, helping to create a better world through the transformative power of good design. By showcasing pioneering designs on a global stage and honoring the creative minds behind these innovations, the A' Design Award drives forward a cycle of inspiration and advancement.
