

Chicago Line by Alexandre Kasper Wins Gold in A' Furniture Design Awards

Innovative Armchair Design Recognized for Excellence in Prestigious International Competition

COMO, CO, ITALY, October 2, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [furniture](#) design, has announced [Alexandre Kasper's](#) "Chicago Line" armchair as the winner of the Golden A' Design Award in the Furniture Design category. This prestigious recognition highlights the exceptional design and innovation of the Chicago Line, positioning it as a standout piece within the competitive furniture industry.

The Chicago Line armchair's success at the A' Furniture Design Award is significant for both the designer and the industry as a whole. This recognition showcases the design's alignment with current trends and its ability to meet the needs of modern consumers. By receiving this award, the Chicago Line demonstrates its potential to influence future furniture design standards and inspire other designers to push the boundaries of creativity and functionality.

What sets the Chicago Line apart is its seamless blend of sophisticated design and ergonomic comfort. The armchair features a solid wood structure precisely machined using 5-axis CNC technology, resulting in a piece that appears as a single, unified form. The seat incorporates gentle curves and dual radii, ensuring maximum comfort for extended periods of use. The high-quality foam further enhances the sitting experience, while the accompanying ottoman extends the design's functionality and elegance.

Chicago Line

For Alexandre Kasper, winning the Golden A' Design Award for the Chicago Line armchair serves as motivation to continue pursuing excellence in design. This recognition may inspire future projects that further explore the balance between structural strength and sophistication, as seen in the Chicago Line's design language. By receiving this award, Kasper and his team are encouraged to continue innovating and setting new standards within the furniture industry.

Chicago Line was designed by Alexandre Kasper, a renowned Brazilian architect and product designer.

About Golden A' Design Award

The Golden A' Design Award is a prestigious recognition granted to designs that exhibit a high level of innovation, creativity, and impact within the furniture industry. Winners are selected based on rigorous evaluation criteria, including innovative use of materials, ergonomic comfort, aesthetic appeal, functionality, durability, sustainability, originality, production efficiency, space optimization, adaptive design, cultural relevance, inclusivity, technological integration, craftsmanship, and market potential. The Golden A' Design Award celebrates designs that push boundaries, inspire future trends, and contribute to the advancement of the furniture industry.

About A' Design Award

The A' Design Award is an international, juried design competition that has been recognizing and promoting superior products and projects across various industries since 2008. With a mission to make the world a better place through the power of good design, the A' Design Award motivates designers and brands to develop innovative solutions that positively impact society.

The competition welcomes entries from visionary designers, agencies, companies, and brands worldwide, offering them a platform to showcase their creativity and gain global exposure. The entries are blind peer-reviewed and evaluated based on pre-established criteria by an influential and expert jury panel comprising design professionals, industry experts, journalists, and academics. Winning the A' Design Award provides an opportunity to garner international recognition and enhance one's status within the competitive design industry.
