

# CISL Seoul Expands to the U.S. with Dermatologist-Developed K-Clinical Skincare

*CISL Seoul brings Korean clinic-level skincare to the U.S., with dermatologist-developed formulas, dual-chamber tech, and clinically tested results.*

SEOUL, SEOUL, SOUTH KOREA, October 2, 2025 /EINPresswire.com/ -- [CISL Seoul](#), a brand born

“

By working directly with dermatologists in Seoul, we are able to translate the science of clinic treatments into daily skincare.”

*Alex Lee, Founder & CEO of  
CISL Seoul*

inside Seoul’s medical clinics, announced its official entry into the U.S. skincare market. Developed in partnership with leading dermatologists, CISL brings [K-Clinical skincare](#) — a new category inspired by Korea’s world-renowned dermatology procedures — to consumers seeking clinic-level results at home.

K-CLINICAL: INSPIRED BY SEOUL’S MEDICAL EXPERTISE  
Long recognized as the capital of skincare and cosmetic procedures, Seoul has set global standards for innovation.

CISL Seoul translates this expertise into formulas now available to U.S. consumers for the first time, making Korea’s clinic-grade results accessible without travel or appointments.

## TECHNOLOGY THAT MIMICS PROCEDURES

Unlike traditional skincare, CISL’s products replicate the precision of clinical techniques through unique delivery systems:

- CISL DUAL INFUSHOT™ Skinbooster Serum: The world’s first dual-chamber serum freshly blends retinol micro-spicules and PDRN at every pump, inspired by Korea’s famous “salmon injection.”
- CISL BIOBARRIER™ Recovery Capsule Cream: Tiny capsules burst upon application, releasing concentrated actives that strengthen the skin barrier by 35% in two weeks and hydrate for up to 72 hours.
- CISL ULTRA WRINKLE CORREXION™ Serum: Powered by Matrixyl 3000 peptides and next-generation retinoids, users reported visibly firmer, plumper skin in just four weeks.

## CLINICALLY TESTED RESULTS

Recent trials underscore CISL Seoul’s effectiveness:

- 67% improvement in luminosity with the Dual Infushot Serum
- 34% refinement in pore appearance

- 35% stronger skin barrier with the Biobarrier Capsule Cream
- 72 hours of continuous hydration
- Improved firmness and elasticity reported after four weeks of use

#### FROM PATIENT TO GLOBAL VISION

CISL Seoul's founder, Alex Lee, began as a dermatology patient searching for better solutions. After experiencing firsthand the innovation inside Seoul's clinics, he partnered with his dermatologist to create formulas that replicate those results at home. Today, that vision extends beyond Korea to reach U.S. consumers.

#### QUOTE

"By working directly with dermatologists in Seoul, we are able to translate the science of clinic treatments into daily skincare. Our mission is to make professional results possible without downtime or appointments," said Alex Lee, Founder & CEO of CISL Seoul.

#### DEFINING THE U.S. LAUNCH

With its official U.S. debut, CISL Seoul establishes itself as the leader of K-Clinical skincare — dermatologist-developed, procedure-inspired, and clinically validated. The brand's launch marks a new era where Seoul-level results can be achieved without the clinic visit.

---

#### ABOUT CISL SEOUL

CISL Seoul is a clinical skincare brand developed inside Seoul's dermatology clinics. Created in partnership with expert dermatologists, the brand introduces K-Clinical skincare — procedure-inspired and post-care solutions that deliver proven results for consumers worldwide.
