Increase in demand for premium quality luxury products and rise in disposable income due to rapid urbanization propel the growth of the global champagne market. However, implementation of stringent government policies toward advertisement and distribution and selective distribution of products impede the market growth. On the other hand, providing selected standardized premium products to retailers and other distributors and developing markets offer lucrative opportunities to the market players.

Rise in demand for premium quality luxury products and Increase in disposable income due to rapid urbanization augment the growth of the global champagne market. Based on price point, the economy segment held the lion's share.

The key market players analyzed in the report involves

Centre Vinicole - Champagne Nicolas Feuillatte, Laurent Perrier, Pernod Ricard, LANSON-BCC, Thiénot Bordeaux-Champagnes, Piper-Heidsieck, Pommery, Veuve Clicquot Ponsardin, Louis Vuitton SE, and Taittinger.

The global champagne market is segmented on the price point, distribution channel, and region. Based on price point, the market is divided into economy, mid-range, and luxury. The economy segment accounted for around two-thirds of the total share of the global champagne market in 2019. In addition, the same segment is expected to portray the largest CAGR of 3.3% from 2019 to 2026.

Based on distribution channel, the market is segmented on the basis of supermarket/hypermarket, specialty stores, on trade, and others. The supermarket/hypermarket segment accounted for the largest market share with more than one-third of the total share in 2019, and is estimated to maintain its lead position throughout the forecast period. Contrarily, the on-trade segment is expected to register the fastest CAGR of 3.9% from 2019 to 2026.
