

APC Postal Logistics and Quickcoys Outdoor Products Announce Global Partnership to Power Seamless International Delivery

Quickcoys will leverage APC's DDP service, enhanced by LandIT! integration, to offer international customers a frictionless purchase and delivery experience.

EAST RUTHERFORD, NJ, UNITED STATES, October 3, 2025

/EINPresswire.com/ -- APC Postal Logistics, a privately held leader in global delivery and technology

solutions, has entered into a new partnership with Quickcoys Outdoor Products, the innovative manufacturer of premium motion decoy systems. Through this partnership, Quickcoys will leverage APC's Delivered Duty Paid (DDP) service, enhanced by the LandIT! technology platform, to offer customers around the world a frictionless purchase and delivery experience.

“

Working with APC allows for a more highly efficient customer purchase and delivery experience worldwide. Because of this, we look forward to significant international growth with APC as our partner.”

Keith Beauchamp

By integrating LandIT! directly into Quickcoys' checkout process, international consumers will see all duties, taxes, shipping charges, and tariffs at the point of sale—removing the uncertainty and delays typically associated with cross-border purchases. Customers simply pay one price upfront and receive their orders quickly and reliably at their doorstep, virtually anywhere in the world.

“Working with APC going forward will allow for a more highly efficient customer purchase and delivery experience

worldwide. The integration of the sales charges, taxes, international shipping and customs charges, and any tariff ALL collected at the point of sales gets the product to the customers door faster. The international customer sees one price, pays one time, and the product goes virtually anywhere to their door. Because of this, we look forward to significant international growth with APC as our partner.” Keith Beauchamp, CEO of Quickcoys.

Delivering Global Growth

This collaboration will not only expand Quickcoys' global footprint but also strengthen its ability to serve international hunters with the same level of quality, innovation, and reliability that has made the brand a trusted name in outdoor products. By tapping into international markets, Quickcoys can extend beyond the seasonality of U.S. duck hunting and transform peak seasonal sales into a year-round global opportunity.
