In "Snoodles in Space: Escape from Zoodletraz!" a strict no-pets rule on Planet Zoodle lands beloved poodles in the space slammer Zoodletraz. With danger closing in, the Snoodles crew must hatch a daring breakout using wit, friendship, and a few wonderfully ridiculous gadgets.

“

Snoodles is about joy, invention, and kids using imagination to build a better world one noodle at a time”

Steven Joseph

The result is a fast, funny jailbreak tale that champions persistence, kindness, and out-of-the-box problem solving that young readers can emulate in real life.

The creative duo views this book as more than a romp. They see it as a playful answer to what they call an “Imagination Deficit,” encouraging kids to unplug, read, and dream big. The Snoodles stories intentionally foster

curiosity, collaboration, and a sense of wonder that carries beyond the page into homes and classrooms.

“Snoodles is about joy, invention, and kids using imagination to build a better world one noodle at a time,” says Joseph.

Case adds, “Illustrating Snoodles is like playing jazz. You riff, you improvise, and somewhere along the way, a tutu-wearing shark shows up”.

Joseph is the award-winning creator of the Snoodles Universe, a laugh-out-loud world where silly ideas spark big solutions and joy is always a page away.
