

Bridge House Advisors and Atominvest Partnership Enables More Efficient Sustainability Data Management and Reporting

The partnership improves speed to value by helping GPs and portfolio companies manage and report sustainability metrics more efficiently.

CHICAGO, IL, UNITED STATES, October 6, 2025 /EINPresswire.com/ -- Bridge House Advisors, a leader in ESG & Sustainability Services to middle and upper middle market private equity

firms and their portfolio companies, is excited to announce our strategic partnership with Atominvest, the leading global provider of investor and portfolio management software to the asset management industry.

A BETTER ENVIRONMENT FOR BUSINESS

“

This collaboration enables GPs to streamline productivity across fundraising, investment onboarding, LP reporting, & portfolio management by giving clients access to Atominvest’s powerful solutions.”

□Jeff Gibbons

Enabling Bridge House Advisors’ ESG/Sustainability Services through Atominvest’s Sustainable Investments Portfolio Management provides our clients with more automated solutions that not only improve execution quality and efficiency of these services but helps accelerate identifying and sizing real value creation opportunities in the ESG/Sustainability space.

Clients will now have automated solutions for core components of their ESG program, especially in the ESG Metrics & Reporting and Carbon Footprinting processes for their portfolio companies. Beyond IT-enablement, data collected across these processes can be more readily

turned into insights. Insights that can then be actioned to mitigate risk and create business value.

□Jeff Gibbons, Chief Growth Officer at Bridge House Advisors said: “This collaboration will enable GPs to streamline productivity across fundraising, investment onboarding, LP reporting, and portfolio management by giving investors and portfolio companies access to Atominvest’s powerful and intuitive suite of investor and investment management solutions.”

William Pleasant, Bridge House Advisors’ Chief Solutions Officer, added: “We also see great opportunities for portfolio companies and other corporate clients to leverage this technology, putting sustainability-related data to work in broader value-creation initiatives.”

Hemal Mehta, Chief Executive Officer at Atominvest, shared: “Bridge House Advisors bring deep expertise in ESG and sustainability services, and we’re excited to integrate these capabilities into our unified platform. Together, we’ll continue to empower our clients to make more informed investment decisions by transforming data into actionable insights that drive real business value, while advancing their sustainability objectives.”

Together, Bridge House Advisors and Atominvest are delivering automated, integrated ESG & Sustainability services accelerating value creation for our clients.
