

# GiveByCruising Proves Travel Can Save Lives by Donating 100% of Profits to Cancer Research

*Greenville based travel agency turns cruises and luxury vacations into funding for vital cancer research.*

GREENVILLE, SC, UNITED STATES, October 7, 2025 /EINPresswire.com/ -- GiveByCruising, a full-service travel agency headquartered in Greenville, South Carolina, is redefining the power of purposeful travel. The company donates 100% of its profits to cancer research, allowing every cruise, resort stay, and luxury trip to help fund life-saving breakthroughs.

Valiant Lady in the British Virgin Islands

Through partnerships with leading cruise lines and all-inclusive resorts, GiveByCruising offers travelers the same pricing, perks, and booking experience found with major travel providers.

“

Our travelers aren't just taking vacations — they're joining a movement to fund cures. We believe travel can create hope. Every journey we book contributes to the fight against cancer.”

*John Kopchinski*

What sets it apart is its mission: every dollar of profit generated supports cancer research institutions in the United States.

“Our travelers aren't just taking vacations — they're joining a movement to fund cures,” said John Kopchinski, Founder of GiveByCruising. “We believe travel can create hope. Every journey we book contributes to the fight against cancer.”

Since its launch, GiveByCruising has positioned itself as the

only U.S.-based travel agency that donates 100% of its profits to cancer research. The company is now inviting travelers nationwide to turn their next getaway into a meaningful act of giving.

GiveByCruising specializes in cruises, all-inclusive resorts, and luxury travel experiences, offering

clients unforgettable journeys that give back.

“When you book through GiveByCruising, your vacation becomes more than a trip — it becomes a step toward saving lives,” added John Kopchinski.

Join the movement to make travel matter. Every booking at [www.GiveByCruising.com](https://www.GiveByCruising.com) helps fund life-saving cancer research.
