Why ClickFunnels Introduced the \$99 for 3 Months Discount

The limited-time pricing reflects ClickFunnels' ongoing strategy to make digital business creation more accessible to first-time entrepreneurs and small business owners navigating the shift to online commerce.

By lowering the entry cost temporarily, the company aims to allow new users to explore the full capabilities of its platform — including website hosting, email marketing, sales funnel automation, and e-commerce tools — without requiring long-term financial commitment.

This initiative also aligns with growing industry trends, as more businesses adopt funnel-based marketing and automation to offset rising ad costs and improve conversion efficiency.

ClickFunnels' pricing model continues to evolve to meet these demands while maintaining scalability for users seeking to expand into larger customer bases or introduce recurring revenue systems.

Promotion Eligibility, Duration, and Cancellation Policy

The ClickFunnels \$99 for 3 Months discount offer is open exclusively to new customers who have not previously held a paid ClickFunnels account. The promotion is being made available for a limited time and may conclude without prior notice once the enrollment cap is reached.

During the promotional period, new users gain unrestricted access to all features available under the Scale Plan.

After the three-month term, accounts automatically renew at the standard rate of \$197 per month, plus applicable taxes. Customers retain full control over their subscription and can cancel at any time through their account dashboard or by contacting support@clickfunnels.com.

The promotion also includes ClickFunnels' 30-day money-back guarantee, allowing participants to evaluate the platform risk-free during the first month. Any cancellations processed within that window are eligible for a full refund, subject to ClickFunnels' standard refund terms.

This temporary pricing structure provides a lower barrier of entry for individuals and small businesses looking to test the company's complete marketing and sales system, including its funnel builder, CRM, email automations, and analytics. Learn more here -
