

EFFO High Oleic Sunflower Oil – The Smart Choice for Professional Kitchens

by Oles Luchnyi, Ambassador of high oleic sunflower oil

CHICAGO, IL, UNITED STATES, October 7, 2025 /EINPresswire.com/ -- [EFFO 100% High Oleic Sunflower Oil](#) is a premium cooking oil created for chefs, restaurants, and distributors who value quality, consistency, and efficiency in every drop. Designed for professional kitchens, it offers exceptional stability, longer fry life, and a clean natural flavor that elevates every dish.

High oleic Sunflower oil

Made from sunflower seeds rich in oleic acid, this oil is packed with monounsaturated fats that make it both healthier and more heat-resistant than regular sunflower or vegetable oils. With its high smoke point and neutral taste, EFFO is perfect for deep frying, roasting, baking, sautéing, and salad dressings.

“

I've seen firsthand how this oil transforms kitchen operations — from local cafes to high-volume restaurants. It's not just an ingredient; it's a tool for efficiency and sustainability.”

Oles Luchnyi

EFFO helps kitchens save money through extended usage cycles — you change oil less often, waste less product, and maintain consistently high food quality. It performs longer under high temperatures, keeping your fryers cleaner and food crispier.

We offer both conventional and organic high oleic sunflower oil, all non-GMO and expeller-pressed. The product is available in 35 lb jugs, drums, and IBC containers, suitable for restaurants of any scale and distribution needs.

If you're looking for a premium, clean, and reliable oil that delivers professional performance every day —
