

#1 Bestselling Book Series ‘START OVER’ Ignites a U.S. Movement of Courage, Comebacks & Radical Reinvention

NEW YORK, NY, UNITED STATES, October 8, 2025

/EINPresswire.com/ -- In a world that feels darker by the day, one global book series is giving people their light back — by showing what happens when you refuse to stay down.

The “[START OVER – Turn Any Loss Into a Sensational Comeback](#)” series, founded by Marco Robinson, is now a full-blown global phenomenon — a cultural uprising built on courage, truth, and second chances.

□ All 6 Volumes. All #1 Bestsellers. 84 Stories of Grit and Glory.

Each volume features 14 individuals who’ve faced the unthinkable — trauma, abuse, grief, cancer, incarceration, betrayal, bankruptcy — and turned their pain into purpose, their story into strategy, and their breakdown into breakthrough.

Marco Robinson

“START OVER isn’t about survival — it’s about leadership,” said Marco Robinson. “These people didn’t just write chapters. They rewrote their lives.”

□ The Truth That’s Taking Over the World

In just 24 hours of every launch, each of the six volumes has hit #1 on Amazon in the U.S., U.K., Australia, and Canada — dominating categories from Personal

Transformation to Motivational Self-Help and Health & Fitness.

Every single author — 84 and counting — became a #1 bestselling author within a day. But the impact didn’t stop at rankings.

They became coaches, speakers, mentors, and thought leaders, standing on stages across the

globe and building businesses around their story.

□ Why America Can't Look Away

"START OVER" has exploded across the U.S. because it speaks to the heart of what Americans do best — rise up.

"This isn't a glossy self-help fantasy. It's real life. Raw, unfiltered, and completely human," he said. "Every author speaks their truth without sugarcoating — sharing how they faced loss, trauma, or tragedy, and exactly how they fought their way back. Whether it's domestic violence, addiction, illness, grief, or financial collapse — these are not victims. They're warriors. And that's what makes this movement unstoppable."

□ A Global Tour of Resilience

The Start Over Speaking Tour has already hit:

- New York
- London
- Budapest
- Dublin

“

START OVER isn't about survival — it's about leadership. These people didn't just write chapters. They rewrote their lives."

Mark Robinson

- Edinburgh
- Stockholm

Each event sells out — filled with people ready to rewrite their story, rebuild their life, and rise from the ashes, he said.

The tour features:

- Live author panels sharing behind-the-scenes healing

journeys

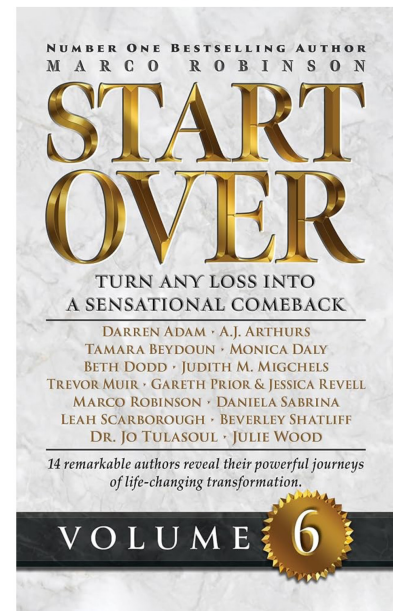

- Courage coaching and reinvention workshops
- Mental health advocacy
- Speaker training and visibility sessions for purpose-driven entrepreneurs

"Your story is your most valuable asset," said Robinson. "Someone out there is praying for the wisdom you've already earned in the fire."

□ From Story to Stage — and from Stage to Legacy

The START OVER series has become more than a bestselling book line.

It's a launchpad for coaches, consultants, and leaders who want to turn truth into transformation — and pain into profit.

Authors are now:

- Building global coaching brands
- Attracting high-paying clients
- Launching podcasts and online programs
- Speaking on global stages
- Becoming certified transformation coaches inside the Start Over movement

One contributor put it best:

"Before START OVER, I had a story but no platform. Now I'm a bestselling author, booked coach, and finally feel seen for the power I bring," said [Alana Webb](#).

□ A Movement Built on Truth, Not Trends

"In a world obsessed with perfection, START OVER celebrates imperfection," Robinson said. "It's for anyone who's been knocked down and had the courage to get back up. That's why readers across America are calling it 'the realest thing in personal development.'"

"The books are raw. The stories are real," he said. "No fluff. No filters. Just courage, healing, and the tools to rebuild your life — for real. And that's exactly why every volume goes to #1."

□ How to Be Part of the Next Bestseller

If you've overcome something powerful — and you know your story could change lives — this is your moment.

The movement is now accepting applications for Volume 7, the next #1 bestseller in the making.

You don't need a massive following.
