

Helical Insight 6.0 Launched — The Leading Open Source Alternative to Crystal Reports, JasperReports and SSRS

Helical Insight 6.0 launches with a new Canned Reporting module — offering a modern, open source alternative to Crystal Reports, JasperReports, and SSRS.

HYDERABAD, TELANGANA, INDIA, October 9, 2025 /EINPresswire.com/ -- Helical IT Solutions is excited to announce the official release of major version i.e. [Helical Insight version 6.0](#), with an all together new [canned reporting module](#). This module can act as a good alternative to traditional reporting tools like Crystal reports, Jasper reports, SSRS and Pentaho reports.

Organizations searching for a modern, open source reporting solution to replace traditional reporting tools like SAP Crystal Reports, JasperReports, Pentaho reports or SSRS can now migrate seamlessly to Helical Insight 6.0. This new version introduces a robust Canned Reporting module—offering pixel-perfect, multi-page document generation for use cases like statements, invoices, payslips, and regulatory reports, with dynamic filtering, formatting, custom branding, automation, and one-click export to various formats like PDF, Excel, PPT, CSV, HTML, and image formats.

Key Features and Migration Advantage:-

- **Canned Reporting:** Effortlessly build professional multi-page documents with headers, footers, summaries, calculations, images, and rich formatting. Enjoy Crystal Reports-style layouts with modern usability.

Remarks :-

- **Seamless Migration:** Move from Crystal Reports, JasperReports, or legacy proprietary tools with expert support, migration guidance, and compatibility for existing workflows.
- **Advanced Embedding:** Integrate reports and dashboards into your SaaS or enterprise applications, with support for SSO, white labeling, and REST APIs.
- **No Hidden Fees:** Predictable, flat pricing with no per-user or per-feature costs—ideal for organizations seeking a transparent alternative to Crystal Reports and JasperReports licensing.
- **Flexible Deployment:** Self-host Helical Insight on-premise, in your private or public cloud, or as a hybrid—own your data, control your security, and scale with zero lock-in.
- **Comprehensive BI Suite:** Beyond canned reports, leverage drag-and-drop dashboarding, interactive analytics, AI-powered insights, and automated alerting.
- **Enterprise-Readiness:** Row-level data security, customizable permissions, Docker and Kubernetes support, high-availability, and robust scheduling.

“

Helical Insight 6.0 is Here!

Experience next-gen Open Source BI with a powerful Canned Reporting module — the ultimate alternative to SSRS, Crystal, Jasper, and Oracle Reports.”

- **Global Support:** 24/7 commercial support and migration assistance, ensuring a smooth transition from legacy Crystal Reports or JasperReports systems.

Designed for BI Modernization and Digital Transformation

Helical Insight 6.0 is the go-to platform for banks, financial institutions, government, SaaS companies, and enterprises looking to:

- Replace Crystal Reports or JasperReports with open source BI
- Automate bulk generation of invoices, pay statements, and compliance documents
- Embed pixel-perfect reporting and interactive dashboards within web and mobile apps
- Securely modernize reporting while meeting regulatory and data residency requirements

About Helical Insight:-

Helical Insight is an open-source BI platform built on modern Java and React architecture. Trusted by organizations globally, it empowers data teams to create, embed, and scale advanced reporting and analytics—at a fraction of the cost of proprietary BI tools.

Availability:-

Helical Insight 6.0 is immediately available for download and pilot deployments. Begin your migration journey or sign up for a no-obligation, free demo today at www.helicalinsight.com/register
