“

At Halloween, we also like to have a little fun and share our costume-ready styles and playful Popinz. The good news is that our Joybees can be worn long after the candy is all gone.”

Ken Dayley, CEO, Joybees Footwear

All Joybees shoes feature signature HoneyFoam™ EVA and a honeycomb footbed delivering targeted cushioning that relieves pressure and breathes with every step. This is especially important when the average little goblin, with parents in tow, is estimated to walk up to 2 miles going house-to-house on Halloween.

“Our fall shoe collection offers cozy comfort and affordable value, in new seasonal colors and patterns to choose from,” said Ken Dayley, CEO of Joybees Footwear. “At Halloween, we also like to have a little fun and share our

costume-ready styles and playful Popinz. The good news is that our Joybees can be worn long after the candy is all gone.”

The National Retail Federation estimates \$13.1 billion dollars will be spent on Halloween fun this season, with spending on children’s costumes estimated at \$1.4 billion and \$2 billion on adults dressing up. For families looking to spend wisely, Joybees is offering 15% off website orders with code SPOOKY15 until October 31, 2025.
