BEIRUT, LEBANON, October 10, 2025 /EINPresswire.com/ -- The United Nations Human Rights Council (UNHRC) has expressed deep concern over the ongoing human rights violations in Lebanon, particularly the targeting of civilians and the destruction of infrastructure. The Council has urged the Lebanese government and all parties involved to immediately cease these actions and to allow for a full and independent investigation into the incidents. The UNHRC also calls for the release of all detainees and for the protection of the rights of the Lebanese people. The Council's statement is a strong condemnation of the actions and a call for accountability.
