

Klean Industries Promotes Mark VandeVoorde to Executive Vice President

Mark VandeVoorde Promoted to Executive VP to strengthen global leadership and accelerate growth in advanced recycling and circular economy solutions.

LAS VEGAS, NV, UNITED STATES, October 10, 2025 /EINPresswire.com/ -- Klean Industries Inc. ("Klean") is proud to announce the promotion of Mark VandeVoorde to the position of Executive Vice President, effective immediately.

Since joining Klean in 2021, Mr. VandeVoorde has played an integral role in the company's evolution, taking on progressively senior leadership positions that have showcased his exceptional strategic acumen, operational expertise, and unwavering commitment to Klean's mission of building a cleaner, more sustainable world. In his new role, he will continue to report directly to Jesse Klinkhamer, President and CEO of Klean Industries.

“

Mark's promotion is a testament to his outstanding leadership and the tangible impact he's had on Klean's global growth.”

Jesse Klinkhamer, CEO of Klean Industries Inc

“Mark's promotion is a testament to his outstanding leadership and the tangible impact he's had on Klean's global growth,” said Jesse Klinkhamer, President and CEO. “His instrumental work in executing a number of offtake agreements and in [developing our ongoing relationship with KBR](#) and driving forward our [Australian project portfolio has strengthened Klean's position](#) as a worldwide leader in advanced recycling and resource recovery technologies.”

Klean Industries - End-of-Life Tyre Pyrolysis & Tire Recycling Recycling System

As Executive Vice President, Mr. VandeVoorde will oversee the coordination of Klean's global strategic initiatives, guide international project development, and accelerate the expansion of Klean's technology platforms and partnerships across key markets. His leadership will continue

to play a pivotal role in delivering Klean's vision of transforming waste into valuable resources and advancing the circular economy.

Klean Industries congratulates Mark on this well-deserved achievement and looks forward to his continued leadership as the company scales its global impact and innovation in sustainable resource recovery.

About Klean Industries

Klean Industries ("Klean") provides best-in-class technologies and solutions in the waste-to-value industry. Our international team of award-winning experts boasts decades of experience in designing, engineering, and manufacturing top-quality equipment that converts waste streams into valuable energy and resources. Our unique products and services are the result of our combined expertise in recycling design, resource recovery, waste management, and energy generation projects. Our global project management experience ensures schedules and budgets are secured, enabling projects to be completed in less time and at a lower cost.

Klean uses proprietary technologies to rapidly develop projects that produce premium fuels, recovered carbon, and green hydrogen from various feedstocks. Our expertise and technical skills enable us to specialize in building projects that utilize advanced thermal conversion technologies, such as pyrolysis, gasification, and carbonization. These technologies transform end-of-life tires, non-recycled plastics, and municipal solid waste into domestic energy, sustainable commodities, and new clean-tech jobs. We create a symbiosis between waste, resources, and energy. Klean Industries is the link between a low-carbon, closed-loop economy and the goal of zero waste being sent to landfills.
