

Bigbie Insurance & Benefits Launches to Help Oklahoma Employers Simplify Benefits

Founded by Oklahoma entrepreneur Andy Bigbie, the firm focuses on clarity, advocacy, and cost control.

OKLAHOMA CITY, OK, UNITED STATES, October 15, 2025 /EINPresswire.com/ -- [Bigbie Insurance & Benefits](#), a newly founded Oklahoma-based employee-benefits agency, officially launches this month with a mission to bring clarity, calm, and real support to businesses navigating health and employee-benefit plans.

Founded by Oklahoma entrepreneur Andy Bigbie, the agency provides local employers with hands-on guidance in plan design, cost analysis, and employee communication. Bigbie Insurance & Benefits helps small-to-mid-sized organizations simplify renewals, manage contribution strategies, and ensure their teams understand and value the coverage they receive.

“Every business owner wants to do right by their people,” said Bigbie. “But insurance has become so complex that good employers sometimes feel lost. We show up, explain everything in plain English, and stay involved when it matters most.”

Bigbie's new agency offers comprehensive benefit solutions—including group medical, dental, vision, life, and disability insurance, plus executive and buy-sell coverage and compliance and renewal-strategy support. After more than 20 years in the industry, including the growth and sale of his previous agency and advisory work with technology startups and real-estate ventures, Bigbie says this new chapter represents “getting back to what I love most—helping Oklahoma

employers protect their people.”

The agency’s website, bigbieinsurance.com, includes educational tools, contribution-strategy guides, and short videos that help employers and employees better understand their options. One of the featured videos, “Smarter Benefits. Real Support.”, outlines the firm’s commitment to clear communication, transparent comparisons, and year-round advocacy.
