

From Personal Health Crisis to National Recognition: Energized Health Ranks on Inc. 5000 List for Second Year in a Row

John & Chelsea Jubilee's transformation ignited a wellness movement, earning Energized Health back-to-back recognition among America's fastest-rising companies.

SAN JUAN CAPISTRANO, CA, UNITED STATES, October 15, 2025 /EINPresswire.com/ -- [Energized Health, a wellness company co-founded by John and Chelsea Jubilee](#), has been named to the Inc. 5000 list of America's fastest-growing private companies for the second year in a row. The honor places Energized Health among a select group of businesses recognized for sustained growth, innovation, and impact.

The company's journey began when the Jubilees faced their own health struggles. John, a former successful entrepreneur who had battled energy loss and inflammation, developed a cellular hydration protocol that restored his vitality. Chelsea, inspired by her own journey in helping people overcome trauma, was excited to join John in creating the Energized Health Protocol, which addresses health in every area of life - mentally, physically, and spiritually.

"Earning a spot on the Inc. 5000 list for the second consecutive year is a milestone that represents more than numbers," said John Jubilee, [co-founder of Energized Health](#). "Millions of people in America have shared the same frustrations when it comes to diets and weight loss programs. We have developed one that has helped tens of thousands of people achieve

personal breakthroughs and alleviate their frustrations. This is why Energized Health has had back-to-back award-winning years of being one of the fastest growing companies in America.”

The Inc. 5000 list, published annually since 1982, ranks private companies according to percentage revenue growth over three years. Repeat honorees like Energized Health demonstrate not only rapid expansion but also the ability to sustain momentum in highly competitive industries.

“Our main focus has always been about helping people,” said Chelsea Jubilee, co-founder of Energized Health.

“The fact that the nation recognizes what we’re doing means more people will hear there’s hope and a better future ahead for them.”

[Energized Health is a growing national wellness movement](#) built around a unique, patent-pending protocol that combines hydration, sequencing, strategic eating, gentle movement, and mindset support. It’s not a pill, a shake, or a trend; it’s a natural process that works with the body’s internal systems to burn fat, reduce inflammation, improve energy, and promote long-term health.
