

# Cascade by Corona In-House Design Team Triumphs in A' Bathroom and Sanitary Ware Awards

*Innovative Cascade toilet by Corona In-House Design Team receives prestigious A' Design Award in Bathroom Furniture and Sanitary Ware Design category*

COMO, CO, ITALY, October 13, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected recognition in the field of [sanitary ware](#) design, has announced the Cascade toilet by [Corona In-House Design Team](#) as a winner in the Bathroom Furniture and Sanitary Ware Design category. This prestigious accolade underscores the exceptional design and innovation of the Cascade toilet within the competitive sanitary ware industry.

The Cascade toilet's recognition in the A' Bathroom Furniture and Sanitary Ware Design Awards holds significant relevance for the industry and its customers. This award highlights the design's alignment with current trends and its ability to meet the evolving needs of users. By setting new standards in aesthetics, functionality, and user-centered design, the Cascade toilet exemplifies the advancements being made in the sanitary ware sector.

What sets the Cascade toilet apart is its harmonious blend of form and function. Inspired by the sculpting force of a waterfall, the design features a flowing, chamfered edge that extends from the bowl to the tank, creating a strong visual identity. The Cascade toilet also prioritizes user experience, with smart tabs on the seat's outer edges ensuring hands avoid less sanitary areas. Additionally, the concealed trapway design simplifies installation compared to other models in its class.

This recognition from the A' Bathroom Furniture and Sanitary Ware Design Awards serves as a catalyst for Corona to continue pushing boundaries in design and innovation. The accolade reinforces the brand's commitment to creating products that enhance the bathroom experience while meeting the evolving needs of Latin American families. It also motivates the Corona In-House Design Team to further explore user-centered design approaches and sustainable manufacturing practices.

Cascade was designed by the talented members of the Corona In-House Design Team, who combined their expertise in product design, engineering, and market research to create this award-winning toilet.
