

# Calmerri & Schoser Talent Join Forces to Boost Workplace Mental Health

*Calmerri teams up with Schoser Talent and Wellness Solutions to bring scalable mental health support to small businesses.*

GROTON, NY, UNITED STATES, October 14, 2025 /EINPresswire.com/ -- [Calmerri](#) is proud to announce a strategic partnership with [Schoser Talent and Wellness Solutions](#) to support the digital transformation of wellness services for small businesses and organizations that traditionally lack access to comprehensive HR Tech and EAP solutions.

This partnership builds on a long-standing relationship rooted in shared values, friendship, and a common mission to make mental health support more accessible and integrated.

"This collaboration is especially meaningful to me because it's built on trust, friendship, and a shared vision. We're thrilled to support the digitalization of Schoser Talent and Wellness Solutions and help bring accessible, high-quality mental health resources to small businesses," said Albina Galiza, CCO at Calmerri.

"This partnership is deeply personal for me. After surviving my own mental health crisis, I made it my mission to help others find the hope, support, and tools they need to heal and thrive. Partnering with Calmerri allows us to make that mission scalable — bringing accessible, compassionate mental health care to the small businesses and teams that need it most. Together, we're not just offering services — we're building healthier, more human workplaces," said Gretchen Schoser, Founder of Schoser Talent and Wellness Solutions.

Together, the two organizations will leverage Calmerri's platform to offer affordable therapy access, scalable mental health programs, and employee well-being support tailored to the needs of small and midsize businesses.
