

MultiCare Health System and SCAN Health Plan Forge Multiyear Partnership to Enhance Care Access for Older Adults in Washington

The collaboration advances both organizations' nonprofit missions by expanding access to more doctors, more choices, and healthcare options for older adults in SCAN's newest Washington markets

LONG BEACH, CALIF., AND TACOMA, WA, UNITED STATES, October 14, 2025 /EINPresswire.com/ -- [SCAN Health Plan](#) (SCAN), one of the nation's largest not-for-profit Medicare Advantage plans, today announced a multiyear partnership with [MultiCare Health System](#) (MultiCare), Washington's largest community-based, locally governed health systems. Starting January 1, 2026, this partnership will provide SCAN members with access to a broad network of providers in Pierce, Spokane, and Thurston counties for years to come.

"At SCAN, we believe that partnering with high-performing organizations dedicated to delivering exceptional care for older adults is essential to fulfilling our mission," said Zack Myers, National General Manager for SCAN Health Plan. "Our collaboration with MultiCare underscores that commitment and reflects their longstanding dedication to providing high-quality service and compassionate care for older adults. Together, we are building reliable and stable provider networks that give older adults in Washington consistent access to the care they can depend on."

Beginning January 1, 2026, SCAN members will gain expanded access to MultiCare's extensive health care network, including eight adult hospitals, six off-campus emergency departments and over 150 primary care and specialty care locations across Pierce, Spokane, and Thurston counties. At a time when the Washington market is experiencing significant disruption in Medicare Advantage, SCAN remains a consistent and reliable source of care that older adults can count on.

About SCAN

SCAN Group, a mission-driven not-for-profit organization, is dedicated to tackling some of the biggest issues in healthcare for older adults, including chronic illness, access to care, homelessness, inequities, and loneliness. SCAN Group's Medicare Advantage health plan, SCAN Health Plan, is one of the nation's foremost not-for-profit Medicare Advantage plans and serves more than 310,000 members in California, Arizona, Nevada, Texas, New Mexico, and Washington. Independence at Home, a SCAN Health Plan community service, provides vitally needed services and support to seniors and their caregivers. Since 2020, SCAN has launched four mission-aligned medical groups, including Healthcare in Action, Welcome Health, Homebase Medical and myPlace Health, each of which focuses on meeting the needs of older adults.
