Top 10 Key Companies in the Fresh Meat Packaging Market

1. Amcor plc

Amcor is a global leader in packaging solutions, offering a wide range of products for the food, beverage, medical, and pharmaceutical industries. The company provides innovative packaging solutions for fresh meat, including high-barrier films, vacuum skin packaging, and modified atmosphere packaging. Amcor's commitment to sustainability is evident in its efforts to develop

recyclable and biodegradable packaging materials.

2. Berry Global Inc.

Berry Global is a leading manufacturer of plastic packaging products, serving various markets, including food and beverage, healthcare, and personal care. The company offers a comprehensive portfolio of packaging solutions for fresh meat, such as thermoformed trays, flexible films, and vacuum pouches. Berry Global focuses on innovation and sustainability to meet the evolving needs of the meat packaging industry.

3. Sealed Air Corporation

Sealed Air is renowned for its Cryovac® brand, which provides packaging solutions that extend the shelf life of fresh meat products. The company's offerings include vacuum skin packaging, modified atmosphere packaging, and shrink bags. Sealed Air emphasizes food safety and sustainability in its packaging solutions, aiming to reduce food waste and improve the efficiency of the supply chain.

4. Mondi Group

Mondi is an international packaging and paper group that offers sustainable packaging solutions for various industries, including food and beverage. The company provides paper-based and plastic-based packaging for fresh meat, focusing on reducing environmental impact through recyclable and biodegradable materials. Mondi's innovations include functional barrier papers and monomaterial barrier pouches.

5. Coveris

Coveris is a global packaging company that offers a wide range of packaging solutions for food, beverage, and other industries. The company provides packaging solutions for fresh meat, including vacuum skin packaging, modified atmosphere packaging, and flexible films. Coveris focuses on innovation and sustainability to meet the needs of the meat packaging market.

6. Winpak Ltd.

Winpak is a leading manufacturer of packaging materials and packaging machines for the food and medical industries. The company offers packaging solutions for fresh meat, such as thermoformed trays, vacuum pouches, and modified atmosphere packaging. Winpak emphasizes quality and innovation in its product offerings.

7. Bolloré Group

Bolloré Group is a multinational corporation that provides packaging solutions for various industries, including food and beverage. The company offers packaging materials for fresh meat, focusing on sustainability and innovation. Bolloré's packaging solutions aim to extend the shelf life of meat products while reducing environmental impact.

8. Sonoco Products Company

Sonoco is a global provider of consumer packaging, industrial products, protective packaging,

and packaging supply chain services. The company offers packaging solutions for fresh meat, including flexible films and rigid containers. Sonoco focuses on innovation and sustainability to meet the evolving needs of the meat packaging industry.

9. Stora Enso

Stora Enso is a leading provider of renewable solutions in packaging, biomaterials, wooden constructions, and paper. The company offers sustainable packaging solutions for fresh meat, focusing on paper-based materials that are recyclable and biodegradable. Stora Enso's innovations aim to reduce the environmental impact of meat packaging.

10. Trivium Packaging

Trivium Packaging is a global supplier of sustainable metal packaging for various industries, including food and beverage. The company offers packaging solutions for fresh meat, focusing on sustainability and innovation. Trivium's packaging solutions aim to extend the shelf life of meat products while reducing environmental impact.
