

Yokohama Chigasakihigashi by Kei Tamai Wins Gold in A' Architecture Awards

Kei Tamai's Innovative Housing Design Recognized for Excellence in Architecture, Building and Structure Design Category

COMO, CO, ITALY, October 14, 2025 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized award in the field of [architecture](#) design, has announced [Kei Tamai's](#) "Yokohama Chigasakihigashi" as the Gold winner in the Architecture, Building and Structure Design category. This prestigious recognition highlights the significance of Kei Tamai's innovative housing design within the architecture industry.

Yokohama Chigasakihigashi's award-winning design showcases its relevance to current trends and needs in the architecture industry. By focusing on living in harmony with the sky and incorporating traditional Japanese housing elements, the design aligns with the growing desire for homes that reconnect with nature and reduce energy consumption. This innovative approach offers practical benefits for residents, the industry, and other stakeholders, emphasizing the design's utility and originality.

Kei Tamai's award-winning design stands out for its unique features and benefits. The central "sky room" courtyard seamlessly connects with the surrounding spaces, allowing for various living styles that prioritize a connection with the sky. The simple white spaces and strategically placed windows create a soft, natural light throughout the home, reducing the need for artificial lighting. The design encourages residents and passersby alike to look up and experience the limitless potential of the sky.

The recognition from the A' Architecture, Building and Structure Design Award serves as

Yokohama Chigasakihigashi

motivation for Kei Tamai and his team to continue striving for excellence and innovation in future projects. This achievement may inspire further exploration of designs that harmonize with nature and traditional elements while meeting modern needs and challenges.

Project Members

Yokohama Chigasaki Higashi was designed by renowned architect Shin Takamatsu, an expert in traditional Japanese housing. Kei Tamai, the award winner, played a crucial role in the project's realization.

About Kei Tamai

Kei Tamai is a Japanese architect committed to building homes that lead to a beautiful future. In an era of shrinking towns and unnecessary densification, Kei Tamai believes that carefully constructing each house will contribute to a favorable environment for generations to come. By focusing on quality over quantity, Kei Tamai aims to make a positive social impact through his architectural designs.

About Skymission

Skymission is a concept that embraces the limitless potential of the sky to create bright and spacious living spaces. By focusing on the sky as a central design element, Skymission aims to provide residents with a sense of openness and connection to nature, even within the confines of limited ground space.

About Golden A' Design Award

The Gold A' Design Award recognizes designs that demonstrate a high level of innovation and significant impact on their intended audience. Winners are selected through a rigorous blind peer-review process, where a panel of expert jury members evaluates entries based on pre-established criteria. The Golden A' Design Award is a prestigious recognition granted to exceptional designs that push boundaries, inspire future generations, and contribute to the advancement of art, science, design, and technology.

About A' Design Award

The A' Design Award is an international, juried design competition organized annually since 2008. Open to entries from all industries and countries, the A' Design Award aims to recognize and promote superior products and projects that advance and benefit society. Through a philanthropic mission to enhance the world through good design, the A' Design Award motivates designers and brands to develop pioneering solutions that positively impact the global community. By celebrating remarkable achievements and showcasing them on an international stage, the A' Design Award drives the cycle of inspiration and advancement in design.
