

NIDEK Inc. Distributes Medmont Meridia™ Vantage to U.S. Ophthalmologists and U.S. Optometrists

Medmont International Pty Ltd. and NIDEK Inc. are proud to announce its USA distribution partnership is being expanded with the launch of a new topographer.

THE COLONY, TX, UNITED STATES, October 20, 2025 /EINPresswire.com/ -- [NIDEK](#) Inc. now offers the Medmont [Meridia™](#) Vantage to U.S. Optometrists, U.S. Ophthalmologists, and U.S. Ophthalmic Government tendered competitions. Vantage introduces scleral mapping and a refined design to the Medmont Meridia™ range. The partnership combines Medmont's topography excellence with Nidek Inc.'s established distribution network and comprehensive post-sales support.

Medmont Meridia™ Vantage produces wide-coverage maps of up to 20 mm × 18.5 mm in a single capture, providing precise, reliable data for scleral lens fitting. Vantage also features colour anterior imaging and dry eye analysis tools for versatile clinical use, while its ergonomic design promotes an efficient workflow for both patients and practitioners.

"NIDEK Inc. is excited to bring advanced technology to U.S. clinicians and patients through its partnership with Medmont. The innovative Vantage delivers high-precision imaging and vast coverage for specialty lenses to improve clinical outcomes. We are proud to offer the latest in topography excellence and accuracy and pair that with our world-class support." says, Koji Torii, COO of NIDEK Inc.

If you are interested in learning more about the Vantage scleral topographer from a NIDEK Inc.
