Body by Ravi Plastic Surgery launches RISE Med Spa in Houston, a physician-led destination for advanced natural aesthetics with expert injector Jamie Poole, RN.

HOUSTON, TX, UNITED STATES, October 14, 2025 /EINPresswire.com/ -- Body by Ravi Plastic Surgery & Aesthetics proudly announces the grand opening of [RISE Med Spa](#), a physician-led destination redefining the non-surgical aesthetic experience in Houston. In tandem with this launch, RISE welcomes Jamie Poole, RN, BSN, CANS, a Certified Aesthetic Nurse Specialist and highly experienced injector, as the newest addition to its growing team of aesthetic experts.

A New Era of Integrated, Physician-Led Aesthetics

In a city filled with med spas, RISE Med Spa stands apart as a true medical extension of Body by Ravi Plastic Surgery & Aesthetics — not simply another aesthetic lounge. Under the medical direction of board-certified plastic surgeon Dr. Ravi Somayazula, RISE embodies his vision of vertical integration: uniting surgical and non-surgical solutions under one roof to give patients seamless, elevated care at every stage of their aesthetic journey.

Every detail of RISE — from its serene, spa-like environment to its evidence-based treatment protocols — reflects the same precision, artistry, and uncompromising standards that define Body by Ravi Plastic Surgery. Overseen clinically by double board-certified physician Dr. Swapna Gopathi, RISE Med Spa delivers customized, physician-formulated treatment plans designed to enhance natural beauty safely and gracefully.

With a brand new, expanded location set to open in January 2026, RISE Med Spa is poised to offer an even broader range of advanced treatments within a setting that seamlessly blends luxury, science, and wellness.
