

JURY OF TWELVE - a Gripping Courtroom Drama Based on True Events — Now Available to Rent or Own on Streaming

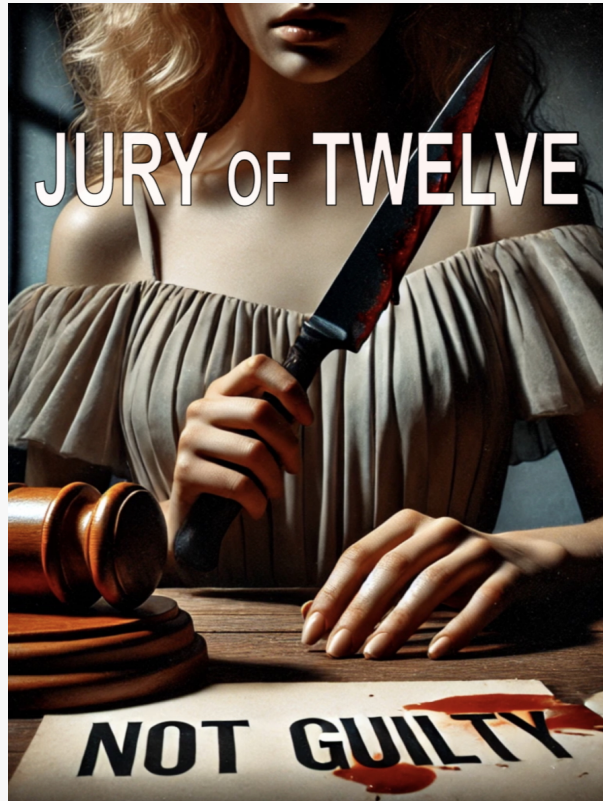

What if Justice Comes Down to Just One Voice?

LOS ANGELES, CA, UNITED STATES,
November 4, 2025 /EINPresswire.com/
-- A harrowing UK trial. A divided jury. A
life hanging in the balance.

JURY OF TWELVE, the latest feature from award-winning director Robbie Moffat, is now available on Streaming/VOD. Inspired by true events, the film recounts the case of a seventeen-year-old girl charged with murder after stabbing her friend's boyfriend.

Her claim: self-defense. The jury:
divided. The truth: unclear.

Distributed by [Random Media](#) and [Palm Tree Universal](#), JURY OF TWELVE explores the fragile mechanics of justice in a high-stakes courtroom and behind closed doors—where twelve strangers are given just two hours and twenty minutes to decide the fate of a teenager. What begins as an open-and-shut case unravels when one juror refuses to accept the consensus. As tensions rise and time runs out, the verdict teeters between guilt and mercy in a story that challenges

assumptions about power, fear, and human judgment.

Directed and written by Robbie Moffat, and produced by Moffat and Rachael Sutherland, the film draws power from its confined setting and moral ambiguity—revealing how one voice can disrupt the momentum of certainty and force a room to confront uncomfortable truths.

LOGLINE

When a teen girl is tried for stabbing a boy seventeen times, a jury must reach a fast verdict—murder or manslaughter? One juror refuses to agree.

SYNOPSIS

A seventeen-year-old girl is on trial for the fatal stabbing of her friend's boyfriend. The charge is murder. Her plea is self-defense. Sequestered in a jury room, twelve strangers are given two hours and twenty minutes to deliver a unanimous verdict. What seems like a clear case becomes something far more complex when one juror raises doubt—forcing the others to reexamine the evidence, their assumptions, and themselves.
