

Topcone Introduces Flexible Project Management App for Real-World Jobs

Built for field operations rather than office workflows, the app helps teams plan, assign, and complete jobs with real-time visibility.

PORTER RANCH, CA, UNITED STATES, October 15, 2025 /EINPresswire.com/ -- Topcone Inc. announces the launch of its [Project Management](#) App, designed for businesses managing physical projects such as deliveries, installations, and maintenance.

Built for field operations rather than office workflows, the app helps teams plan, assign, and complete jobs with real-time visibility.

Key Features

- Task & Crew Management – assign work and monitor progress in real time
- Job Scheduling & Deadlines – stay on top of timelines for multiple projects
- Photo & File Uploads – capture proof of completion from the field
- Location Mapping – pinpoint job locations for crews
- Status Tracking – simple “Not Started–In Progress–Done” workflow
- Reports & Analytics – insights into performance and turnaround times

The app is available through:

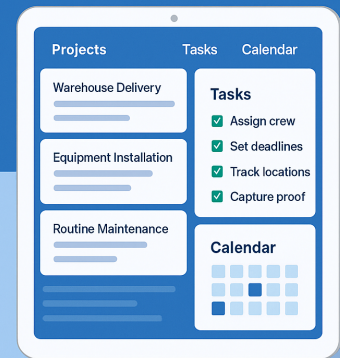

- White Label: Launch under your own brand.
- Custom Build: Tailored around your workflow and job structure.
- Subscribe-to-Own: Start with a subscription, move toward full ownership.

“We’ve made project management practical for real-world work — easy to start and easy to scale,” says the Founder of Topcone Inc.

Project Management App for Contractors, Logistics, and Field Work

Easily manage deliveries, installations, and maintenance jobs in one place

- **Assign crew**
- **Set deadlines**
- **Track locations**
- **Capture proof**
