unique needs of each project. Hardwood Floor Installation Hardwood flooring remains one of the most popular choices for homeowners looking to add warmth and value to their spaces. Leonardo's team works with a variety of wood species and finishes, helping clients choose options that fit their style and budget. From classic oak to exotic hardwoods, each installation is completed with attention to detail and precision. The company handles everything from initial measurements to final finishing, ensuring that every plank is properly acclimated, installed, and sealed for long-lasting beauty.

Vinyl Flooring Installation Vinyl flooring has come a long way in recent years, offering durability and design flexibility that works in almost any room. Leonardo's Flooring Corp. installs luxury vinyl plank (LVP) and vinyl tile that can mimic the look of hardwood or stone at a fraction of the cost. These floors are waterproof, easy to maintain, and perfect for high-traffic areas, kitchens, bathrooms, and basements. The team ensures proper installation techniques to prevent issues like peeling or buckling down the road.

Laminate Floor Installation Laminate flooring provides another affordable alternative to hardwood while still delivering visual appeal. It's scratch-resistant, fade-resistant, and stands up well to everyday wear and tear, making it ideal for families with kids or pets. Leonardo's Flooring Corp. installs laminate with the same care given to any premium material, paying close attention to expansion gaps, underlayment, and transitions between rooms to create a polished, professional result.

Subfloor Preparation A great floor starts with a solid foundation. That's why Leonardo's Flooring Corp. never skips the crucial step of subfloor preparation. The team inspects, repairs, and levels subfloors before any installation begins. This includes addressing moisture issues, replacing damaged sections, and ensuring the surface is clean and smooth. Proper subfloor prep prevents
