

Tresound Mini by Yong Cao and Jianfeng Lv Wins Gold in A' Audio Equipment Awards

Innovative Desktop Bluetooth Speaker Earns Prestigious A' Design Award Recognition

COMO, CO, ITALY, October 15, 2025 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of audio products design, has announced [Tresound Mini](#) by [Yong Cao and Jianfeng Lv](#) as the Gold winner in the Audio and Sound Equipment Design category. This prestigious recognition highlights the significance of Tresound Mini's innovative design within the audio products industry.

Tresound Mini's award-winning design showcases its relevance to current trends and needs in the audio products market. By integrating touch operation, switch, and status indication into a compact, aesthetically pleasing form, Tresound Mini aligns with industry standards while offering practical benefits to users, such as enhanced functionality and ease of use.

The desktop Bluetooth speaker stands out with its unique combination of features, including a 360-degree surround sound range, TWS pairing for left and right channel stereo, and an all-metal body with CNC processing and secondary oxidation. These elements contribute to Tresound Mini's immersive audio experience and stylish appearance, setting it apart in the market based on its merits and functionality.

Receiving the A' Audio and Sound Equipment Design Award serves as motivation for Yong Cao and Jianfeng Lv to continue striving for excellence and innovation in their future projects. This recognition may foster further exploration and advancement in the field of audio products
